

FREE AND REDUCED-PRICE LUNCH

In accordance with federal regulations, the school district shall make free and reduced-price lunch available to all students who meet the economic criteria for free or reduced-price lunches through the school lunch program.

Parents who believe their students are eligible may contact the building administrator, complete the required federal forms, and a determination will be made relative to their eligibility. Parents may appeal a negative determination to the superintendent of schools.

Applications for free and reduced-price lunch will be kept by the food service manager for a minimum of four (4) years. All information will remain confidential.

The food service manager will be responsible for the administration and compliance of procedures relative to the requirements of Federal National School Lunch Program. The procedures will be reviewed by the school board in August.
