

VENDING MACHINES

The installation and use of student accessible vending machine(s) in the schools will be managed by the school food service department. The contents of the machine(s) will complement the school lunch program and promote good nutrition.

The service and sale of all food and beverages to students during school hours will be under the control of the school food service department, and the revenue from such sales will be collected and credited to the food service revenue budget (applicable districts).

Vending machines may be operated for the sale of beverages in employee lunchrooms and lounges. The funds derived from such sales will be credited to an account as determined by the building administrator. Students will not make purchases from the machines located in employee lunchrooms and lounges.
