

EMPLOYEE GIFTS AND SOLICITATIONS

Employee Gifts

All employees of the school district are prohibited from accepting items and/or services from companies or organizations doing business with the school district. Exceptions to this policy are the acceptance of minor items that are generally distributed by companies through a public relations program.

Solicitations

No organization or individual may solicit funds from staff members or students within the schools, nor may anyone distribute flyers or other materials related to fund drives through the schools, without the approval of the building administrator. The superintendent shall seek direction from the school board in instances where prior practice offers no guidance, as the school board expects such activities to be kept to a minimum.
