

SCHOOL SYSTEM WEB SITE/WEB PAGES

The School Districts of SAU 50 maintain an official web site to provide general information about our school system as well as information about educational programs, extracurricular activities, school events, and student and staff achievements. This web site is intended to support the educational mission of the schools, to enhance the curriculum and learning opportunities for students and staff, and to provide valuable information to the larger community about our schools. The web site does not create, nor is it intended to create, a public or limited public forum.

The SAU 50 School Board recognizes that the schools must establish reasonable controls to protect the privacy of students and staff, to ensure that the web site is in compliance with applicable laws, and to ensure that it meets the district's educational goals and expectations.

The superintendent or designee shall be responsible for overseeing the implementation of this policy and the accompanying guidelines, and for advising the school board of the need for any future amendments or revisions to the policy or guidelines. The superintendent may develop additional administrative procedures and/or rules governing the day-to-day management and operations of the school district's web site, consistent with the school board's policy and guidelines.
